

Free WiFi at LOPEC

Messe München is offering free wireless internet access to all LOPEC visitors at the trade-fair center.

Free WiFi access is available for all parallel events, conferences, special events and forums that are held in the exhibition halls, entrances and the Atrium.

Availability is based on the halls, entrances and atrium areas that are being used for the event in question. Bandwidth is up to 1.5 Mbit / sec. and the download volume is limited to 50 MB per user per day.

The reception quality and signal availability depends on structures, exhibits and other sources of interference in the halls and can not be guaranteed.

How it works

- Switch on the WiFi function on your terminal device.
- Search for wireless networks and connect to the **messeWifi** network.
- Start your internet browser.
- Enter any internet address.
- The portal page of the free WiFi will appear on screen.
- Once you have accepted the General Terms and Conditions, you may access the internet.
- Free WiFi access applies to all concurrent events, conferences, special events and forums in the exhibition halls, entrances and the Atrium.

You only need to register **one time** during the entire event.
