## News

13. December 2018	Printed electronics: A revolution in diagnostics	PDF (306 KB)
21. November 2018	3D Structural Electronics: A new dimension of mobility	PDF (214 KB)
30. October 2018	LOPEC and OE-A at electronica: Printed electronics as the perfect complement to semiconductors and co.	PDF (259 KB)
02. October 2018	Smart Packaging: Printed Electronics as Growth Driver	PDF (191 KB)
16. March 2018	LOPEC 2018: Printed electronics moves into everyday life	PDF (189 KB)
05. March 2018	The LOPEC 2018 supporting program makes printed electronics tangible	PDF (234 KB)
22. February 2018	Printed electronics on the rise: The highlights of LOPEC 2018	PDF (189 KB)

13. February 2018	International knowledge transfer: Why an increasing number of industries use printed electronics	PDF (44 KB)
23. January 2018	Printed electronics: New sensors for the medical field	PDF (186 KB)
09. January 2018	Printed electronics: from vision to product	PDF (260 KB)
14. December 2017	Printed electronics meets haute couture	PDF (177 KB)
07. November 2017	Printed electronics at productronica 2017: LOPEC and OE-A present new insights on the latest technology	PDF (237 KB)
10. October 2017	3D-printed circuits and more	PDF (184 KB)
05. September 2017	Intelligent packaging for the beverage industry	PDF (230 KB)
12. April 2017	LOPEC 2017 in Munich: Printed electronics are revolutionizing vehicle manufacturing	PDF (243 KB)
30. March 2017	LOPEC 2017 in Munich: Printed electronics reaches new dimensions	PDF (266 KB)
30. March 2017	Participant statements	PDF (242 KB)
07. March 2017	Experience the world of printed electronics	PDF (247 KB)
15. February 2017	Intelligent packaging, flexible solar cells and more	PDF (268 KB)
11. January 2017	LOPEC 2017: Printed electronics for the car of tomorrow	PDF (239 KB)

15. December 2016	LOPEC 2017: Making visions a reality with printed electronics	PDF (85 KB)
06. December 2016	LOPEC 2017: Printed electronics for our health	PDF (209 KB)
18. October 2016	LOPEC and BMWi help new businesses enter the market	PDF (240 KB)
28. September 2016	LOPEC under new Exhibition Director	PDF (225 KB)
21. September 2016	Printed electronics market growing considerably	PDF (194 KB)
07. April 2016	LOPEC 2016: Participant statements	PDF (83 KB)
07. April 2016	LOPEC 2016—Printed electronics: A key technology of the future	PDF (280 KB)
14. March 2016	LOPEC 2016 in Munich: Get to grips with printed electronics	PDF (299 KB)
04. March 2016	Carolin Fischer takes over as LOPEC Exhibition Director	PDF (187 KB)
01. March 2016	From flexible technologies to Internet of Things: Printed electronics highlights at LOPEC 2016	PDF (246 KB)
12. February 2016	Wearable tech boosts electronics sector	PDF (263 KB)
14. January 2016	Organic light-emitting diodes in automotive industry	PDF (293 KB)
10. December 2015	LOPEC 2016 in Munich: Printed electronics on the upswing	PDF (373 KB)

26. LOPEC 2016: Printed electronics from  
November research to application  
2015 PDF  
(298 KB)

28. LOPEC and OE-A to present the state  
October of the art in printed electronics at  
2015 productronica PDF  
(285 KB)
